

SUPERVAXE

WOOD SPLITTER

HIRE INDUSTRY RANGE

- ▶ WS150
- ▶ WS3150

The only wood splitter
you'll ever need
in your hire
inventory

Designed & Manufactured by

Whitlands Engineering

Australia's leading manufacturing specialists of firewood equipment –
The name you can trust for quality, reliability and innovation.

SUPERVAXE WOOD SPLITTER

COMMON FEATURES

BOTH THE WS150 MODEL, AND THE LARGER WS3150 FEATURE THE FOLLOWING

- ▶ Patented blade design for superior splitting performance: 7 second cycle time.
- ▶ Rugged heavy duty construction – minimal maintenance required.
- ▶ Back saving log lifter and ideal bench height for advanced ergonomic comfort.
- ▶ Easy and safe to use: Two handed control system is completely WorkCover compliant. It keeps your customers safe and eliminates public liability potential.
- ▶ Comprehensive operator manual stored in weatherproof canister on the machine (WorkCover requirement).
- ▶ Two year warranty.
- ▶ Reliable and fuel efficient EX27 9HP Robin or Honda GX27 9HP engine options.
- ▶ Potential output: 4 cubic meters per hour with one operator.
- ▶ Hire fit out includes:
 - Mudguards and high quality LED lights
 - Quality swing-up jockey wheel
 - Heavy duty 2000kg rated tow coupling
 - Hour meter
 - VIN plate fitted, ready to register
 - Choice of fleet colours by request

WS150 FEATURES

SETTING NEW STANDARDS IN FIREWOOD SPLITTERS

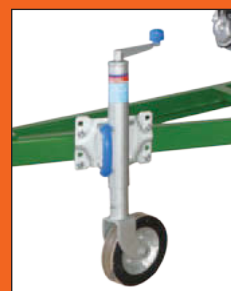

Suited to domestic & semi commercial applications, the WS150 model represents excellent value for money. The frame and wheels are smaller than the 3150 – but the axe still packs a 21 ton punch!

HIRE FIT OUT INCLUDES

Heavy Duty Mudguards & quality LED lights

Quality Swing-Up Jockey wheel

Safety manual in canister attached to the machine

PLITTERS ▶

Whitlands Engineering has been designing and building firewood machinery in Australia since 1993. The Superaxe range of wood splitters are the most efficient & productive machines on the market. As part of a hire inventory, Superaxe will deliver a superior return on investment and keep your customers safe and completely satisfied.

Back Saving Log Lifter
150 Model: Cable & Pulley
3150 Model: Hydraulic

Patented Vertical Splitting Action Blade 21 Tons Force

Your choice of engine:
Honda or Robin

Hand Controls – Keeps Hands Safe
Easy to use
Work Cover Compliant

WS3150 FEATURES

FOR A BIGGER WORKLOAD, THE LARGER WS3150 IS THE WAY TO GO!

Featuring a stronger, hydraulic log lifter, bigger wheels and a bigger workbench – the WS3150 is more suited to high volumes, larger wood and easier towing over long distances.

| MODEL | WS150 | WS3150 | MODEL | WS150 | WS3150 |
